CONSENT TO PUBLISH & TRANSFER OF COPYRIGHT

For the mutual benefit and protection of Authors and Publishers it is necessary that Authors provide formal written *Consent to Publish* and *Transfer of Copyright* before publication of the Journal. The signed *Consent* ensures that Archivos de Zootecnia (hereinafter “the Publisher”) has the Author’s permission to publish the relevant Contribution. The signed *Transfer* entitles the Publisher on behalf of the Author to protect the Contribution against unauthorized use and to authorize dissemination by means of off prints, legitimate photocopies, microform editions, reprints, translations, and secondary information sources such as abstracting and indexing services including data bases. The Publisher hereby requests the Author to complete and return this form promptly so as to ensure the proper conduct of business.

Title of Contribution:

Author(s):

1. The Author hereby assigns to the Publisher the copyright to the Contribution named above whereby the Publisher shall have the exclusive right to publish the said Contribution and translations of it wholly or in part throughout the world during the full term of copyright including renewals and extensions and the Publisher shall have the sole and full right to produce, or to license the production of, any system or program derived from or utilizing the Journal and designed for use in electronic information storage or retrieval systems.
2. The Author retains the right to republish the Contribution in any printed collection consisting solely of the author’s own Works without charge and subject only to notifying the Publisher of the intent to do so and to ensuring that the publication by the Publisher is properly credited and that the relevant copyright notice is repeated verbatim.
3. The Author may post the post-print version of the Contribution on his/her own personal website free of charge with the appropriate acknowledgment and link to the Archivos de Zootecnia website. This means the Contribution may be shown exactly as it appears in print.
4. The institute employing the Author may post the post-refereed, but pre-print version of the Contribution free of charge on its website with the appropriate acknowledgment and link to the Archivos de Zootecnia website. The post-refereed, pre-print version means the version which contains all adaptations made after peer reviewing. The Publisher’s lay-out must not be used.
5. The Author warrants and represents that the Contribution does not infringe upon any copyright or other right(s), and that it does not contain infringing, libelous, obscene or other unlawful matter, that he/she is the sole and exclusive owner of the rights herein conveyed to the Publisher, and that he has obtained the customary permission for use both in print and electronically from the copyright owner of his legal representative whenever a passage from copyrighted material is quoted or a table or illustration from such material is used. The Author will indemnify the Publisher for, and hold the Publisher harmless from any loss, expense or damage occasioned by, any claim or suit by a third party for copyright infringement or arising out of any breach of the foregoing warranties as a result of publication of the Contribution. The Contribution shall be delivered to the Publisher free of copyright charges.
6. The Author guarantees that the Contribution to the Journal has not been previously published elsewhere, or that if it has been published in whole or in part, any permission necessary to publish it in the Journal has been obtained and provided to the Publisher together with a statement of the original copyright notice.
7. The Author declares that any person named as co-author of the Contribution is aware of the fact and has agreed to being so named.
8. The Publisher has the right to refrain from publication of the Contribution if in his opinion the form or content of the Contribution does not conform to what had been agreed or might reasonably have been expected. In this event the Publisher will assign the entire copyright in the Contribution back to the Author, and the Contribution shall be returned to the Author by the Publisher.
9. It is understood that in a few cases the copyright will be held by the contributor’s employer. If so, the journal requires a non-exclusive permission to deal with request from third parties.
10. The author/s have not sent the submission to any other journal and will not be able to cancel their submission for a year from the submission date registered in the website.
